Beware of Employment Scams

As a well-known global brand and an employer of choice, we are aware that scammers regularly try to impersonate Verifone by offering illegitimate career opportunities to obtain job seekers' personal and/or financial information.

Please take note of the following:

- Legitimate Verifone jobs are posted on <https://www.verifone.com/en/careers>. Your first contact with us should be through this portal, and we only make first contact with applicants through this portal.
- Documents such as resumes, and any personal information, should only be submitted through our Careers portal.
- Verifone recruiters only communicate with applicants via email with an official "@verifone.com" email address. Our recruiters will never try to solicit personal or financial information, or any sort of payment via email, Meet Up, Telegram, Skype, or any other social media.
- If you have questions or worry you have fallen victim to an internet crime such as a recruiting scam, you may visit the Internet Crime Complaint Center at [www.ic3.gov](http://www.ic3.gov) for information or to file a complaint.
