

## 2Checkout Collaborates with Bigcommerce to Provide Seamless International Payments for Online Retailers

*Integration brings a truly local buying experience to more than 95,000 retailers around the world*

**COLUMBUS, OH – July 8, 2015** -- 2Checkout announced today that it has partnered with [Bigcommerce](#), the ecommerce platform of choice for fast-growth brands, to enable merchants to seamlessly accept payments from any country in the world. Through the collaboration, Bigcommerce clients can securely adapt to local languages, currencies and payment methods with just one, simple integration. Merchants currently using 2Checkout will have direct access to build their business with Bigcommerce's robust ecommerce platform.

Bigcommerce provides established and emerging brands with everything they need to launch, promote, manage and scale a successful online business. 2Checkout's integration will serve the company's 95,000 clients across 100 countries, eliminating the complexity around international payments.

"2Checkout is a prime example of a partner that simplifies the work behind international payments for our thousands of merchants, and its team aligns with our vision of bringing ecommerce to every business owner around the world," said Melanie Kalemba, senior vice president of sales and strategic business development for Bigcommerce. "Together, our teams will deliver the best-in-class cross border payment processing to our merchants, enabling their businesses to grow globally."

2Checkout enables merchants from nearly anywhere in the world to accept payments easily. Its checkout experience is optimized for mobile and provides top-tier security and fraud prevention, as well as 24/7 support.

"Bigcommerce and 2Checkout are closely aligned in our mission to empower small merchants with the tools they need to grow their online business," Kevin Gallagher, senior vice president of global business development from 2Checkout. "We are thrilled to work with Bigcommerce as a payment provider and bring our hassle-free payments capabilities to even more merchants around the world."

Bigcommerce merchants can select 2Checkout as their payment provider in the control panel and can setup a fully-integrated solution in minutes. For more information, please visit [www.bigcommerce.com/2checkout](http://www.bigcommerce.com/2checkout).

### **About 2Checkout:**

2Checkout is a global payment provider that makes it easy to accept payments from anyone, anywhere. Trusted by tens of thousands of merchants in nearly 200 countries, 2Checkout offers easy signup and implementation, with top-notch customer support. Businesses and organizations can accept payments using 8 payment methods and in 26 currencies, and settle in 25 home currencies. 2Checkout offers both hosted checkout forms and APIs, and integrates with more than 100 shopping carts.
